Paper 3 Financial Accounting **February/March 2026**

1 hour 30 minutes

You must answer on the question paper.

You will need: Insert (enclosed)

INSTRUCTIONS

- Answer **all** questions.
- Use a black or dark blue pen.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do **not** use an erasable pen. Do **not** use correction fluid or tape.
- Do **not** write on any bar codes.
- You may use an HB pencil for any diagrams, graphs or rough working.
- You may use a calculator.
- International accounting terms and formats should be used as appropriate.
- You should show your workings.

INFORMATION

- The total mark for this paper is 75.
- The number of marks for each question or part question is shown in brackets [ ].
- The insert contains all of the sources referred to in the questions.

This document has **16** pages.

DO NOT WRITE IN THIS MARGIN

Additional information

At the end of the first year of trading, GV Limited prepared a draft statement of financial position which showed the following summarised figures.

	$
non-current assets (tangible and intangible)	321 020
current assets	31 250
ordinary share capital	280 000
retained earnings	6 080
current liabilities	66 190

The following additional information is also available.

1 The draft figure for current liabilities included a figure for the bank overdraft of $49 700.

2 On 1 January 2026, the company had taken out a long-term bank loan of $50 000 on which interest was to be charged at the rate of 6% per annum. No entries had been made in the books for either the receipt of the loan or the accrued interest.

3 The company had started building an extension to its premises. On 31 January 2026, the builder working on the extension had an accident, resulting in equipment with a carrying value of $5000 being damaged beyond repair. No entries for this had been made in the books of account. The company had checked the insurance terms and conditions and was now 100% confident that it could claim this amount from the builder's insurer.

4 Goodwill was yet to be amortised (depreciated). It was considered to have a life of 20 years.

5 On 6 February 2026, a credit customer, who had owed $390 at the year end, was declared bankrupt.

(d) Prepare the summarised statement of financial position at 31 January 2026.

(c) Calculate the club's accumulated fund at **31 December 2025**.

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

..... [4]

Additional information

The club has had an overdraft facility with the bank for several years. The bank intends to withdraw that facility. Therefore, the managing committee wishes to improve the financial standing of the club.

The clubhouse contains several rooms which have **not** been used for years. The managing committee is considering two options.

option 1

To renovate the unused rooms and find a tenant for them.

option 2

To sell the clubhouse and with the proceeds buy smaller premises.

Additional information

Kenji plans to expand his business. He will take out a bank loan to finance the purchase of extra raw materials and additional factory machinery.

Kenji wants to include the loan interest in the manufacturing account. His accountant intends to record the interest in the statement of profit or loss.

(f) Discuss why the loan interest should be recorded in the statement of profit or loss rather than the manufacturing account.

.....

.....

.....

.....

.....

.....

.....

.....

.....

..... [5]

(g) State **one** reason why the accountant may go against the wishes of Kenji in this matter.
